Experience

One Iota Golf Performance

Sep 2023 – Present
Academic Project

UX Researcher

Conceptualized and designed a Mental Training platform for golfers through ethnographic research, creating personas, journey mapping, survey design, and running co-creation workshops. Created a high fidelity prototype in Figma based on research findings.

Simon Fraser University

May 2021 – March 2023
Full-Time

Communications Specialist

Created content for SFU Surrey's website and social media channels. Developed, produced, and promoted a podcast called The Journey Here. Implemented digital marketing strategies, managed paid ads, and designed assets for the 2023 SFU Surrey Community Open House.

Bonus Bakery

Nov 2022 – Dec 2022
Academic Project

UX Researcher

Evaluated the online ordering process on the Bonus Bakery website using a variety of techniques, including heuristic reviews, usability tests, observation, and interviews. Created a high fidelity prototype in Figma to show recommended changes based on research findings.

TripCollab

Oct 2020 – Dec 2020
Academic Project

Interface Designer

Developed a collaborative trip planning app from concept to high fidelity prototype.
